

CASTLE HILL RSL ROCKETS FOOTBALL CLUB

FROM THE PRESIDENT'S DESK

DATE: 24TH MAY 2020

Dear Rockets Members,

Based on Football NSW guidelines, Hills Football has given a go ahead regarding return to training. These guidelines provide an overarching approach for each club to assess and implement strategies, policies and plans as it relates to their specific grounds, council and membership.

Our club committee is currently reviewing these guidelines and will be communicating its return to training plan with team managements shortly.

In the meantime, it is important that no training occurs until Team Managements have been introduced with the new club guidelines to ensure the safety and compliance for all our club members.

In regards to the season ahead, we do not have final details on how this will play out. Governing bodies continue to discuss an approach here and once we have more detail, we will be communicating this to all members.

We appreciate your patience as we navigate through such a challenging time. We look forward to providing a further communication in due course.

Once our Return to Train plan is finalized and communicated to team managements, you will be contacted by your coach or manager.

If you have any questions on above or any aspect of the club or competition, please feel free to email me at president@rocketsfc.net.au.

Yours in Football

Bikram Sarna
President
Castle Hill Rockets Football Club
